

N2-GEN™ Series Nitrogen Generator

“Make your own nitrogen with the N2-GEN™ and never wait for a delivery again...”

The South-Tek Systems **N2-GEN™ Series Compact Nitrogen Generator** is designed for a multitude of applications, providing the nitrogen purity and flow rates you require for your needs.

The N2-GEN™ Series Nitrogen Generator was developed for those applications where low flow rates of high purity Nitrogen (N2) are required. The N2-GEN™ simply, reliably, and safely produces N2 from the air. The N2-GEN™ is capable of producing N2 purities from 95% to 99.5% and provides N2 flow rates from 1 to 90 cubic feet per hour (SCFH).

Products Specifications

STS Model	N2 Purity	N2 Flow Rate Out	N2 Press. Out (max)	Cabinet Size (in)	Cabinet Wt (lbs)
N2-GEN-1	98.5%	2 liter/min	80 PSIG	27 x 12 x 9	45
N2-GEN-2	98.5%	5 liter/min	80 PSIG	27 x 12 x 9	53
N2-GEN-4	98.5%	11 liter/min	80 PSIG	32 x 16 x 11	75
