

### FEATURES

*South-Tek's Feed Air Compressor - J Series is designed for efficiency and quickly fills up to 900 gallons within 30 minutes (0-40 PSI).*

- | 2hp piston, oil lubricated with aftercooler
- | 17 gal. accumulator tank with pneumatic auto drain
- | Added filtration package to ensure clean, dry, oil free air
- | Compressed air flow output of 7.6 SCFM at 125 PSI
- | Vibration isolator pads

### UNIT DETAILS

Feed Air Compressor - J Series	
Part Number	
STS-NF-C-2-J	
Dimensions	
A (Width)	27.0"
B (Depth)	16.0"
C (Height)	57.0"
Air Compressor Weight	250 lbs.
Unit Details	
Accumulator Tank	17 gal.
Horsepower	2 hp
SCFM	7.6
Min. Working Pressure	125 PSI
Zone Capacity Filled within 30 Min. (40 PSI)	900 gal.
Air Compressor Electric	120V / 1 Phase / 18.4 Amps 200-208V / 1 Phase / 10.2 Amps 208-230V / 1 Phase / 9.2 Amps 200-208V / 3 Phase / 6.2 Amps 208-230V / 3 Phase / 6.2 Amps 460V / 3 Phase / 3.1 Amps
Warranty	One Year <sup>1</sup>

1. Per Manufacturer's Terms & Conditions.
