

FEATURES

South-Tek's efficient Feed Air Compressors are designed to quickly fill the largest system to capacity within 30 minutes (0-40 PSI).

- | Duplex piston, oil lubricated
- | Automatic alternating controller with capability of manual lead/lag settings
- | Aftercooler, plus added filtration to ensure clean, dry, oil free air
- | Vibration isolator pads

UNIT DETAILS

	5D-CS	7D-CS	10D-CS
Part Number			
	STS-NF-C-5D-CS	STS-NF-C-7D-CS	STS-NF-C-10D-CS
	Dimensions		
A (Width)	78.22"	88.81"	
B (Depth)	26.50"	26.50"	
C (Height)	55.03"	53.76"	
Air Compressor Weight	1215 lbs.	1230 lbs.	
	Unit Details		
Accumulator Tank	120 gal.		
Horsepower	(2) 5 hp	(2) 7.5 hp	(2) 10 hp
SCFM	34	48	70
Min. Working Pressure	125 PSI		
Zone Capacity Filled within 30 Min. (0-40 PSI)	2,800 gal.	3,950 gal.	5,750 gal.
Air Compressor Electric	200-208V / 3 Phase / 34 Amps 208-230V / 3 Phase / 34 Amps 460V / 3 Phase / 16 Amps	200-208V / 3 Phase / 48 Amps 208-230V / 3 Phase / 36 Amps 460V / 3 Phase / 18 Amps	200-208V / 3 Phase / 62 Amps 208-230V / 3 Phase / 56 Amps 460V / 3 Phase / 28 Amps
Warranty	One Year ¹		

1. Per Manufacturer's Terms & Conditions.
